Achieving glass-like clarity isn't just a trend—it's a science-backed skincare solution. Candela's line of cosmeceuticals are expertly formulated to work in synergy with Glacē treatments to deliver deep exfoliation, intense hydration, and lasting radiance*. From skin preparation to nutrient-rich serums, each highly personalized treatment is tailored to your patients' unique needs.

Pre-Hydrodermabrasion Skin Preparation

- **Pure Freedom Cleansing Foam:** A gentle, purifying cleanser designed to prep, clear, and remove skin impurities
- **Skin Ecllosion Multi-Active Peel:** A proprietary blend of alpha and beta-hydroxy acids (AHAs and BHAs) that gently exfoliates and prepares the skin for treatment

Two-Phase Serum System

- **Phase A Serums:** Cleanse, exfoliate, and extract to lay the foundation
- **Phase B Serums:** Infuse, restore, and nourish to target unique skin concerns

Final LED Skin Recovery

- **Biocellulose Mesh Mask:** A soothing mask that works in synergy with Glacē's LED technology to boost radiance and support treatment recovery*

Phase A Serums: Prep & Purify

Balanced Flight ● Pore Equilibration Complex

Balanced Flight delivers a deep cleansing formulation to decongest combination to oily-prone skin. This pore-refining complex dissolves to help regulate excess sebum production, tightening the appearance of pores.

Best for: Combination to oily and acne-prone skin

What it does: Decongests skin, minimizes appearance of pores, helps to balance sebum production for a smoother, shine-free glow.

Key Ingredients:

- AHA & BHA's: Gently exfoliates to smooth surface and manage breakouts
- Affipore: Reduces sebum production and tightens the appearance of pores
- Niacinamide (Vitamin B3): Strengthens the skin barrier and improves hydration
- Botanical Extracts (Arnica & Burdock): Soothes and balances acne-prone skin

Vitality Blossom ● Vitamin Shield Complex

Vitality Blossom is the ultimate serum for dull, tired skin in need of a revitalizing boost. Packed with vitamins, omega-rich oils, and antioxidants, this serum works to restore skin's natural glow, improve hydration, and defend against environmental damage.

Best for: Normal to sensitive, and dry- dull skin, that is malnourished in need of a vitamin boost

What it does: Deeply nourishes, hydrates, and energizes dull, fatigued skin, restoring its natural radiance

Key Ingredients:

- Vitamin C, E, A & B: Assists with antioxidant protection and vitality, revitalize, restore skin renewal
- Retinol: Revitalizes texture and strengthens skin, diminishing the appearance of fine lines
- Rosehip Extract: Enhances elasticity and evens skin tone

Phase B Serums: Target & Treat

Light Emerge ● Tone Unifying Complex

Light Emerge is an antioxidant-rich serum designed to gently reduce the appearance of dark spots, and blemishes. Over time, imperfections fade and skin looks more luminous, and smooth.

Best for: Uneven skin tone and dark spots

What it does: Combines kojic acid, arbutin, and vitamin C to synergistically brighten and even out skin tone

Key Ingredients:

- B-White Peptide: Reduces blemishes and evens skin tone
- Kojic Acid, Arbutin & Liquorice Extract: Lightens the appearance of existing blemishes
